SUMMARY

With a strong focus on web development, I am a motivated Information Technology graduate. My academic background has furnished me with a robust understanding of backend programming, with a particular emphasis on PHP. Currently, I am actively seeking a career opportunity where I can apply my skills and continue to enhance my expertise. I am also passionate about staying current with industry trends and best practices. I actively seek out opportunities for professional development and am dedicated to continuous learning. I am eager to take on new challenges that allow me to further hone my abilities and contribute meaningfully to a team.

EXPERIENCE

August 2023 -
November 2023

Web Developer Intern, Central Luzon State University

- Create web applications using PHP
- Deploy web applications to hosting service.
- Collaborate with fellow interns for projects.
- Supervise project development.

EDUCATION

August 2019 –
February 2024

Bachelor of Science in Information Technology
CENTRAL LUZON STATE UNIVERSITY | SCIENCE CITY OF MUÑOZ, PHILIPPINES

- Major: Systems Development

SKILLS

Technical Skills

December 6, 2023

AWS Academy Graduate - AWS Academy Cloud Foundations
20 hours | Amazon Web Services Training and Certification – Online Participant
October 22, 2022

Cybersecurity Awareness Webinar
Regional Office – Luzon Cluster 2 | Cybersecurity - Online Participant
October 8, 2020

Projects

January 2024 **TestCasetify**
Full-Stack Developer
This project was primarily focused on creating test cases based on the standard test case format and generating a PDF file for export.

October 2023 **Event Tabulation System**
Full-Stack Developer
This project produced the tabulation system that was used in school's pageant. It automatically tallies the score of the participants and ranks them.

July 2023 **Web-Based Student Immersion Portal**
Full-Stack Developer
This project aims to alleviate most of the manual work needed in submitting and monitoring work immersion-related documents to the CLSU - Department of IT.

October 2022 **Luckbye Tours**
Backend Developer
This was a project requirement wherein it features booking destinations with email confirmations, feedbacks and admin side for managing the transactions.
